

TESTIMONIALS

"I GOT TO ATTEND AND CONTRIBUTE TO
VARIOUS TEAM MEETINGS AND
CLIENT CONSULTATIONS."
- LAURA

Being a summer intern at contrast means instantly becoming a full - albeit temporary - member of the team. I got to attend team meetings and client consultations while working very closely with various members of the team. This not only allowed me to follow up on the **wide range of cases** I was involved in, it also provided me with a unique learning experience in a **welcoming work environment**.

To me, it proved to be the **perfect introduction to professional life**. It was an absolute privilege to experience firsthand the daily life at contrast and it is therefore an opportunity I highly recommend.
