**'THANKS TO THE CONSTANT FEEDBACK AND
CONSTRUCTIVE ATMOSPHERE,
I LEARNED AS MUCH AS POSSIBLE.'
- ANDREAS**

An internship is a great way to experience life as a corporate lawyer. As an intern I got the opportunity to work on **several challenging and interesting cases**, while further developing my skills. I worked independently but the constant feedback, openness to questions and the constructive atmosphere made sure I always knew what to do and learned as much as possible.

I attended team meetings and felt like a **full member of the team**. My internship was not only a great professional experience, it also was a very enjoyable and fun month thanks to the welcoming environment and the great team spirit at contrast.

In short, a summer internship is a great way to discover **what working at a premier corporate law firm entails** and is something I can only recommend to other students with an interest in corporate and business law.
