

CONTRAST SUMMER TRAINEESHIP

TESTIMONIALS

"IT WAS GREAT TO KNOW MY
WORK WAS VALUED."

From the very first moment, I felt very welcome at contrast. I was assigned a **buddy** who was sincerely committed to me and who was always there for me when I needed her.

I was also given the opportunity to do research for **big client cases** and to discuss my findings with the lawyers at contrast.

For example, I worked on a conclusion and a shareholders' agreement that served as the basis for the version that was submitted to the client. It was a pleasure to know **my work was valued**. This made my internship a great experience.
