"I WAS ABLE TO BE REALLY
CREATIVE WITH LAW."

Working as a summer intern at contrast gives you the opportunity to work with experts on a daily basis on **interesting international cases**.

Personally I worked in the compliance team which gave me the possibility to look at competition law from another perspective. This helped me to better understand the legal rules and to approach them in a more practical way. Furthermore, I was able to be really creative with law, which just made it **fun to do!**

I would really like to recommend contrast to students who like to work in a **dynamic environment** and like to be challenged and work hard, and all this under excellent guidance!
