

## CONTRAST SUMMER TRAINEESHIP

**"FROM THE FIRST DAY, I WAS INVOLVED AS A  
FULL MEMBER OF THE TEAM."**

I've had the pleasure of joining the contrast corporate department for one month during the summer.

From the very first day, I was involved as a **full member of the team** and I got to work on a variety of cases together with the contrast lawyers the month I spent here. As I worked for **real clients**, I felt a sense of responsibility to provide the team with the best possible output, which also sharpened my critical thinking skills.

The team trusted me and used my work in the content they put out to the clients, after providing me with sufficient feedback. This gave me a **strong feeling of fulfilment**.

As I had to update the lawyers on the work I had done, individually and through a presentation for the full team, I was also motivated to **further develop my legal reporting skills**.

The **welcoming environment** and the work I was assigned made my internship a lovely experience, that I can only recommend to others.
